Wild & Co. Adventure Race 6hr

WELCOME TO THE WILD&CO 6HR ADVENTURE RACE!

We're excited to welcome everyone to our 6hr Adventure Racing series for 2024. We've got all the right ingredients for an epic series of events – a great turnout, beautiful locations and hopefully we'll also see great weather conditions.

The planning and preparation has been fun and it's always great to work with a good team. Big thanks of course go to the all the local council parks and events teams who helped bring this series to life and to the team that has helped to make the events happen.

What we love most about this part of the world is that not far from a capital city there are so many adventure options that are so accessible. You don't have to go far to feel like you've escaped the urban jungle and are getting back to something raw and

real. An adventure race has to be one of the best ways to experience this too – working together, constantly engaged in what's happening and where you're going – and the option push yourself or just enjoy the time in good company.

For a bit of extra adventure please note that you will get wet and you'll definitely get muddy. You'll probably get a few scratches and bumps along the way too – it's adventure and it's going to be fun!

And a note for the faster teams – don't think you're getting away easy on this. We've got a couple of 'pro' check points out of the course just to mix it up a bit.

We hope you enjoy the day out, we're looking forward to seeing you at the start line.

Disciplines this year include:

- Kayaking inland waterways
- Hiking / trail running
- Mountain biking
- Navigation

FULL AND HALF LOGISTICS

NOTE: This is an example only and subject to change on the day.

Wild & Co. Adventure Race 6hr

TEAM LOGISTICS

The 6hr Adventure Race is an unsupported race (no support crews), there are a few key items that you will need to bring.

BIKE DROP

There is a NO bike drop for the 2024 course, you will need to leave everything for your bike and run legs in the designated area at race HQ.

Bike Security – HQ is in a relatively safe location and we have volunteers watching the bikes, but they are not paid security officers. If you are concerned about bike safety we highly recommend bringing a bike lock to lock your team bikes together.

PADDLE BAG / STRAPS

If you are using the Wild & Co Paddles and Life Jackets (included in your entry) you don't need to worry about this.

All teams that wish to use their own paddle gear must provide a labelled paddle bag or method for the teams paddles and paddle gear to be bundled together – tie down straps are a good idea. This is so the event team can easily transport the gear back to race HQ.

The location of the start of the kayak leg is TA3 – see the logistics plan – It's just a few minutes drive from HQ. Drop your gear after you receive the race maps.

ON THE COURSE

At race registration you will receive a course guide and map with a series of check points (CPs) marked on it, a control card and a set of CP descriptions, for example, “Southern End of Jetty” or “Small Tree, Waters Edge”. You are required to collect all CPs to complete the course. If you miss a CP you will automatically be ranked below a team that has collected all the CPs.

Please see [here](#) for an example of a previous course

CHECK POINTS (CP)

Check Points are orange orienteering flags like the ones in the picture above. They have an electronic punch attached to them (see below). You will need to punch your unique memory stick at the appropriate spot at each punch.

Wild & Co. Adventure Race 6hr

MISSING CPS

You may arrive at a location you believe is correct and you can't find the checkpoint (e.g. you are in the wrong location or it has been stolen or incorrectly placed by the organisation). You can continue to search for the checkpoint, however if you are absolutely certain the control is missing, it is recommended you take a photo of the area with your phone. If the race organisation verifies the control is missing or misplaced, and you can prove you were in the correct spot, you will be credited with this checkpoint.

COURSE MARKINGS

No direction arrows, tape, markers etc are placed on the course (unless specifically noted in the Course Notes or on Maps).

MAPS

The race maps will be printed on waterproof paper at a scale of 1:25,000 scale – this means that 4 centimetres on the map are equivalent to 1 kilometre.

TOILETS AND WATER

There are toilets at race HQ and also at a few locations on the course. There is water available race HQ and at each of the the transition areas.

Wild & Co. Adventure Race 6hr

RACE START / FINISH AND COURSE CLOSURE

The race will start at 8:30am at race HQ. The finish line will also be in the park at race HQ.

The course closes at 2:30pm and you need to have punched the final CP by then. If not there will be a time based penalty of 10 minutes for every minute late. Any team finishing more than 30mins after the course closure will be marked as 'did not finish' (DNF)

RACE PRESENTATIONS

These are short and sweet as we know everyone is getting ready for the drive home. Prizes must be collected on the day, if not they will go into the random draw prize pool.

ENVIRONMENTAL IMPACT

Rubbish: You must carry all rubbish with you to a bin. This particularly relates to the gel packets. If you drop litter on the course we will not be able to get permissions to use areas in the future. If you see rubbish left by another team, please pick it up. We all accidentally drop things, so do the right thing and ensure we can continue to use beautiful areas in the future.

Wildlife: Hopefully you will see some marine life during the event. If you do, please not approach or disturb.

SAFETY

PARTICIPANT RESPONSIBILITY

During the event you must be aware the rescue by the organisers or emergency services may not be possible immediately. In the first instance you are responsible for yourself and those around you. Organisers have assets in place to assist, but they may not be immediately available.

It is not practically possible to provide all the safety needed for all the possible scenarios. If you are not willing to accept this self responsibility, you should not start the race.

If you get to a point in the course that you decide you are not comfortable and confident in completing safely, it is your responsibility to do something. If you feel the level of inherent risk is unacceptable, do something about it. Avoid it, withdraw, it is your decision.

Wild & Co. Adventure Race 6hr

SAFETY ASSETS INCLUDE:

- Event officials at transition areas with first aid certificates and training.
- Event first Aid including qualified first aid officials
- Normal access to emergency services via '000'.

Each participant must have Australian ambulance cover or an Australian medical insurance policy that includes ambulance cover or travel insurance covering medical costs including medical transportation for an injury sustained during competitive event or an Australian exemption or other ambulance coverage e.g. Australian Defence Force, residents of Tasmania/Queensland etc.

INSURANCE

The event organisers have a public liability insurance policy to the value of 20 million dollars. This is a compulsory insurance policy for events that are organised on, or cross through, any form of government land/public place. This however is not personal accident or gear insurance for you!

RACE RULES

Race rules can be found here: <https://www.wldnco.com/race-rules>

Adventure racing relies on the honesty of teams during the race. If you observe a team on the course breaking any of the race rules please raise this directly with the team. They may be new to the sport and not be aware of some particular rules. There may also be a valid reason or you may have

misunderstood the situation - in which case you can clarify the situation there and then.

OUT OF BOUNDS (OOB)

Out of bounds areas will be marked on the race maps in pink. These are generally dangerous areas or other imposed restrictions from council or maritime safety.

Out of bounds areas are STRICTLY no go. Traversing these areas will receive heavy penalties or disqualification. If you find yourself in an OOB area, you must return the way you entered and go around.

Private Property is always out of bounds unless you are told it is specifically open to the event. Some private property may be marked in pink on race maps where the organisers think it may help teams when planning a route. However, you are still prohibited from entering private property even if it is not marked in pink on your race maps.

VOLUNTEERS

Event volunteer officials have given up their time to assist at events like these which makes it possible for you to participate in this adventure paddle. Please be courteous to them on the course and make sure when you see them that you tell them you appreciate them contributing their time to support this event and our sport.

Bad behaviour to the volunteer officials will not be tolerated.
